NOVEMBER 1988

## THANKSGIVING

Humbly before God  
And proudly before man,  
We give thanks.

Thanksgiving is a time for remembering,  
And what memories are ours!  
We, who dwell in a land  
Where freedom prevails  
And where honor and righteousness are our code,  
Remember the solid foundation  
Upon which our nation is built.

As a people we stand united  
In an effort to preserve that which is  
our heritage.  
For the opportunities and privileges  
Which have benefited us as individuals  
And as a nation,  
And for the blessings  
Which have been bestowed upon us,  
We are grateful.

In our hearts we give thanks  
That we can say to all the world,  
"I am an American!"  
- Virginia Katherine Oliver  
IDEALS THANKSGIVING, 1988

JUDY KOHLER - Maint.    RON POST - Line 2

TERRY BORSODI is in charge of the election process. Continuing members are Terry Borsodi and Cindy Swald.

###

## HCJB POWER PARTNERS PROVIDE PROJECT POWER

"Power Partners", friends and staff fellowshipped and ate heartily at HCJB's fall dinner at Nelson's Golden Glow, November 4. "Around the clock, around the world", HCJB and its parent organization, WORLD RADIO MISSIONARY FELLOWSHIP, INC., are HERALDING CHRIST JESUS' BLESSINGS in many languages and through multiple ministries.

Host RON CLINE, President of HCJB, presented as door prizes beautiful woven scarves and wall hangings made by the Quechuas of the Andes, the current broadcasting site. Other cultures being reached by HCJB power were visualized as JUDI HARRISON took guests on a musical tour, playing on her flute in the unmistakable style of each of many cultures.

Multiple ministries include international short-wave radio, AM/FM stereo radio, television, health care, printing, and the Center for Evangelism and Discipleship. DR. AND MRS. (MIRIAM) RICHARD DOUSE, appointed as missionaries in August, told about the procedures they are going through, since they made the decision to enter the medical mission field.

Barb Cline's dialogue with Ron circled the globe in reviewing the events of Project 2000, to reach the world with the gospel via shortwave radio by the year 2000. Beginning in Quito, Ron told of the graciousness extended to them by the new president of Ecuador, Rodrigo Borja. He worked as an HCJB announcer for six months when he was a student in the mid-1950's. Working with the government to keep the country free is critical to HCJB's progress.

Radio programs are now being planned in Romanian, Greek, and Macedonian, scheduled to be on the air in 1989. Another language opportunity opening up to them is Russian Uzbek from the third largest state in the U.S.S.R., where there are sixteen million people.

(Continued)

**DAVE PASECHNIK**, Project Director of the Elkhart Engineering Center, brought guests up-to-date on the engineering projects at Crown. (See inset.) There are twenty workers on the project currently, with volunteers coming and going. They need prayer for more people who need financial support to be able to volunteer to work on the project. The work being done is on the edge of technology; the transmitters being built will be more powerful and efficient than those on the market.

In answering Barb's questions about the events of his past week, Ron told about his candid and open discussion with Dr. James Dobson in California, which was taped for a future "Focus on the Family" broadcast. They also pointed out the importance of Ron's meetings with the presidents of Trans World Broadcasting Company and the Far East Broadcasting Company, crucial to reaching the lost around the world.

In closing the evening, Ron challenged everyone to 1) learn more scripture, 2) increase (double) evangelical outreach by planning on sharing your faith, 3) pray more, and 4) give more, especially for outreach [by radio and by mailing Bibles and literature] to places where missionaries cannot go.

Becoming a Power Partner has privileges and benefits, "For God is not unrighteous to forget your work and labour of love, which ye have shewed toward his name, in that ye have ministered to the saints, and do minister," (Hebrews 6:10). One of the material benefits is special purchase privileges of HCJB records, tapes and books which tell many stories of the opportunities for people to join "heart and hands" with World Radio Missionary Fellowship in worldwide evangelization. Visit the HCJB offices at Crown for further information.

**WORLD 2000 UPDATE**

Following a series of meetings held over the past year, the presidents of HCJB World Radio and Far East Broadcasting Company have announced that they will begin joint broadcasting operations on the Pacific island of Saipan.

HCJB will send personnel and equipment, including high-power transmitters, to join the existing FEBC work on Saipan. From this island, a stronger signal can be sent into south and central Asia, a region that contains the majority of unreached people groups in the world.

Officials from both organizations are working to raise financial support for this joint effort. HCJB's immediate goal is to fund a new 500 kw transmitter to place on the island. It will be built by the HCJB Engineering Center team in Elkhart, Ind.

Saipan is one of the Mariana Islands in Micronesia, a trust territory of the United States. Located east of the Philippines and south of Japan, the Marianas became part of the U.S. in November 1986. Guam is the largest of the islands and is independent of the trusteeship.

## VITAL STATISTICS

### ANGIE GROPP, Clerical Coordinator, Fab Dept.

Angie has worked at Crown one and one half years. She was born May 19, 1968, in Mishawaka and is single, living in Elkhart. She is a Penn High School graduate and attended Vincennes University. Favorites: Color - peach; TV show - Cosbys; Performers - Barbra Striesand and Gene Kelly; Season - winter; "I love the snow and Christmas time!"; Childhood Memory - "Christmas with my family." Her father is her personal hero. The worst time in her life was when her grandmother died. She has a weakness for babies.

Angie is currently painting her apartment. She enjoys reading, cross-stitching, and writing poetry (which nobody knew until now).

Angie studied theater at Vincennes University for one year; it was the best time of her life. If she could have one wish come true, it would be to become an actress on Broadway. She thinks that would be the best job in the world. The best movie she has ever seen was "The Hunchback of Notre Dame". A HATFUL OF RAIN is the best book

(continued)  
she has ever read.

The one thing she hates most in people is when they make other peoples' private lives their business. The best advice anyone could give is to mind your own business. If she has learned anything in life, it's not to let other people know your personal business.

If Angie could travel anywhere in the world, she would go to Australia. I love to hear the people talk and the country looks beautiful in all the pictures I have seen."

### PERSONNEL PARAPHERNALIA

**DID YOU KNOW THAT DIANE FOLK**, Personnel Services Facilitator, was Goshen Junior Miss for the 1985-86 season?

\*\*\*\*\*

**CONGRATULATIONS TO THE PING PONG CHAMPS OF 1988!**

**TERRY BIRD** - Men's A flight  
**RODNEY SCHROCK** - Men's B flight  
**PAMM JANOWIAK** - Women's singles  
**PAMM JANOWIAK AND TAMMIE PUTZ**  
- Women's doubles  
**TERRY AND ERNIE BIRD** - Men's doubles  
**PAMM JANOWIAK AND STEVE MYERS**  
- Mixed doubles

\*\*\*\*\*

**CONGRATULATIONS TO CAROLYN LANDIS** on her promotion to Supervisor of the Parts Department, which is part of Customer Service. Carolyn has served Crown for twelve years, starting in the Production Office with Glen Ryman and Phyllis Gates, assisting with Bills of Material, Payroll and other administrative chores. She also assisted Preskel Gayheart with clerical tasks on a part time basis. When Carolyn joined the Parts Dept., about eight years ago, she worked with Steve Hamilton, Kim Curry, and Debbie Carroll. David Grant and Deb Ryman now fill out the Parts team. Parts order entry, invoicing, correspondence, inventory management, shipping and receiving parts are the main functions of their department. Carolyn joins four other women who function in a supervisory capacity for Crown.

\*\*\*\*\*

There were some great Halloween costumes Monday, October 31. Nobody had more fun than the bag lady, though; she laughed her way around the plant all day and everyone laughed with her. **MAGGIE FREDRICKSON** won the prize for the most original and she played it to the hilt, complete with grocery cart and pet [stuffed] poodle.

Pictured with Maggie are, left to right, Geisha **MARCIA JONES**, Raggedy Andy and Raggedy Ann, **DIANE FOLK** and **SUE STACY** and **JO SHREINER** who crowned Maggie for the Employee Committee.

The funniest were the little Martians, **JACKIE GIBSON** AND **YURIKO LAVELLE**, whose eyeballs bobbed around at the end of antennae on their heads above their unearthly green outfits.

**DICK HOUSELY** was chosen the scariest, hooded and robed in black with a ghastly white face.

**SANDI ARNOLD's** reception area looked festive in honor of her birthday, October 17.

**DEB AND JOE CHEEK** introduced **BRITTANY NICOLE** at a shower in their honor October 21.

**CONGRATULATIONS TO DONNA KAY HAAS**, former coordinator for Line 1, who has stepped into the position of Production Planner in the Production Planning/Systems Department. Donna brings to the position ten years of experience in assembly of ISA type amplifiers. Kay is responsible for production planning for fabricated items, Paint Line and Board Room. The Production Planners work closely with Purchasing, Master Scheduling, Capacity Planning, Engineering, and Production Supervisors to make the best use of available material and capacity in planning work orders to meet the Master Production Schedule.

\*\*\*\*\*

The new Sales Managers seem to be sparking creative new ideas already. When the skies opened up with buckets of rain at five o'clock one

afternoon, they improvised. Check out the rain bags, worn tucked into shirt collars and shedding rain from shiny brown plastic fabric. They smiled all the way to their cars!

Left to right: **CHUCK GRING**, **TONY SATARIANO**, **JIM BEATTIE**, **JOE WISLER**.

**CONGRATULATIONS TO KIM AND DONNIE BILLER** and new daughter **ELISHA ELIZABETH**, born Saturday, November 19, weighing 8 lbs. 12 oz. and 20" long.

**CONGRATULATIONS TO ANINA KREIGHBAUM AND STEVE MYERS** on their engagement. They haven't set a date but Nina's ring is sparkling.

\*\*\*\*\*

Below is the winner of Service Department's recent "Caption Contest". **KIM LAFFOON** furnished the inspiration with her stories about her new neighbors who have entertained her since she moooooooved.

"Can Kim come out and play?"

###

## NEW EMPLOYEE PROFILES

### ACCOUNTING - Part Time

**JENNIFER ANN JUROFF** Birthday: Sept. 19; lives in Mishawaka. Hobbies/activities - reading, hiking, swimming, running, track and softball. Ambition/goals - pass the CPA exam and obtain my license.

**CORPORATE CONSULTANT - LARRY GREEN** - Dec. 12; Middlebury. Likes playing basketball and playing with computers, canoeing and keeps busy raising five kids. He is involved with a jail ministry. Larry has lots of ambitions but would like to take his family to California for a week or two.

### FABRICATION

**LARRY EUGENE POTTERBAUM** - CNC Operator. July 7; Elkhart. Larry's hobby is cars and he was formerly a JayCee.

**TIMOTHY SCOTT BRENISER** - General Machine Operator. June 28; Middlebury. Interests/activities include reading, church, softball, basketball. Tim hopes to be involved in a youth ministry. Flex-Force.

**ROBIN BUMPUS** - Oct. 1; Elkhart. Robin's interest is dancing. Her ambition is to become a CPA. Flex-Force.

### INFORMATION SYSTEMS - Flex-Force

**KEVIN BRANCH** - Oct. 31; Mishawaka. Kevin is a computer expert and will help with software problems. His interests are philosophy and reading and he is a member of Student Council, Math Club, Academic Superbowl, and National Honor Society and he plays ping pong and volleyball. Kevin's ambition is to attend a Christian college and figure out what he wants to be.

JOHN OBERHEU / U.S. FISH AND WILDLIFE SERVICE

## CUSTOMER COMMENTS

Gentlemen:

We received our Crown Microtech 1200 back from you last Friday, just as promised by your Don Peterson. I was able to get it installed and it worked perfectly for our Sunday services. I want to express my personal thanks to you for the incredible feat of repairing and returning this unit so quickly that I could UPS it on Monday and have it back on Friday.

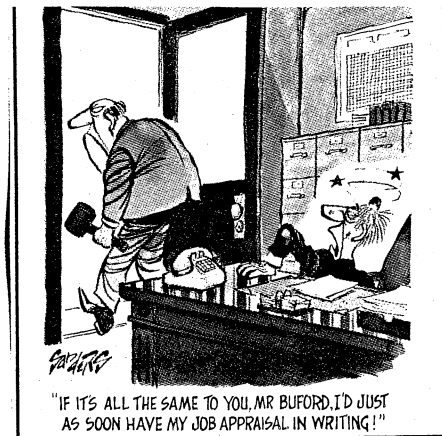

You were certainly generous in extending warranty coverage to us and bearing the extra cost of the UPS next day air.

We are impressed with the professional quality of your products and your service. It's refreshing to find this is still available in American made products.

You can rest assured that we will be enthusiastic fans for the Crown product and will be pleased to recommend them to anyone who might inquire. Feel free to refer any prospective customers to us for our evaluations.

Russell G. Peters, Pastor (and Chief sound tech),  
"The Chapel of the Pines", Twain Harte, California

\*\*\*\*\*

A guy is painting the church. Toward the end, he is running out of paint. Rather than go all the way back to the store for more paint he began thinning it with water.

By the time he got to the steeple, the paint was more water than paint. Suddenly it began to rain.

As the rain washed away whatever little paint there was, a voice boomed down from the sky:

"Repaint! Repaint! Thin No More."
